Objective

Aspiring Java Full Stack Developer with a strong foundation in computer science and software development, currently pursuing a B.Sc. in Computer Science. Seeking a Software Engineering Internship at Google to apply my problem-solving skills and knowledge of Java, web development, and software engineering concepts in real-world challenges.

Education

Jiwaji University, Gwalior
Bachelor of Science (B.Sc.) in Computer Science
March 2020 – Expected Graduation: March 2025

- Relevant Coursework: Data Structures, Algorithms, Web Development, Object-Oriented Programming, Software Engineering

---

Technical Skills

- **Programming Languages**: Java (Intermediate), HTML, CSS, JavaScript, SQL

- **Web Development**: HTML, CSS, JavaScript

- **Version Control**: Git, GitHub

- **Databases**: SQL (Basic Knowledge)

- **Problem Solving**: Creative Problem Solving, Debugging, Troubleshooting

---

Projects

Task Manager Web Application
Developed a full-stack Task Manager using Java (Spring Boot) for the backend and HTML, CSS, JavaScript, and Bootstrap for the frontend. It includes secure user authentication, role-based access control, and CRUD operations for task management. Designed RESTful APIs for seamless frontend-backend communication, with MySQL as the database. The project improved productivity by providing a responsive and user-friendly interface for efficient task management.

E-Commerce Homepage Development (Inspired by Amazon)
Self-Initiated Project

- Developed the homepage for an e-commerce website using HTML and CSS.

- Designed a user-friendly layout, ensuring cross-browser compatibility and responsiveness.

- Integrated basic styling elements to enhance the user experience.

- Improved troubleshooting and layout optimization for various screen sizes.

Java Full Stack Development
Ongoing Training

- Working on a Java Full Stack course including backend development using Java and frontend development with HTML, CSS, and JavaScript.

- Implemented various modules and applications to solidify knowledge in full-stack development.

Certifications

- Java Full Stack Development (In Progress)

Soft Skills

- Problem Solving

- Effective Communication

- Team Collaboration

- Time Management

- Adaptability to New Technologies and Environments

Languages

- English: Fluent

- Hindi: Native

Availability

Available for full-time internship from January 2025 for a minimum duration of 6 months.

Preferred Location

- Bengaluru, Karnataka, India

- Hyderabad, Telangana, India
